

ATLANTIC NITROGEN & TESTING, LLC

100 Hamilton St., Washington, PA 15301 | 724-228-2231 | contact@atlanticnitrogen.com
Certified Woman Owned Small Business | NAICS 213112 | USDOT 2272580

CAPABILITY STATEMENT

Pipeline pressure testing, cryogenic nitrogen pumping, and nitrogen supply.

IDENTIFIERS

Legal name	Atlantic Nitrogen & Testing, LLC
Business designation	Certified Woman Owned Small Business
Primary NAICS	213112
UEI	TK
CAGE code	TK
USDOT	2272580
Operating since	2011

CORE COMPETENCIES

Hydrostatic and pneumatic pressure testing with two independent recorders
Cryogenic nitrogen pumping, purging, drying, and packing to 720,000 SCFH and 8,900 psi
Pipeline pigging, including lines with no launcher or receiver
Nitrogen supply, tube trailer rental (21,000 to 81,000 cu ft), and cryogenic transport
Dew point verification to -100 deg F

DIFFERENTIATORS

Two independent recorders on every test. A Barton 12 in dual pin chart and a Crystal nVision digital logger run simultaneously, so a challenged instrument does not force a repeat.
Single source. Nitrogen, trailers, pump trucks, recorders, and operators are all owned.
Located in the Marcellus and Utica core, roughly 30 minutes from PA, WV, and OH.

CERTIFICATIONS

WOSB, DOT, HAZMAT, Veriforce, NCCER, ISNetworld, ISTC
Crew training: HAZMAT, OSHA 10, OSHA 30, Veriforce, DOT, Safeland, PCI, ISNetworld, NCCER
Equipment recertified every 6 months. Spill containment liners under all equipment.
EMR TK
TRIR TK

PAST PERFORMANCE

Hydrostatic test, St. Marys, Pennsylvania
